COMMUNITY ACTIVITIES: We visit a lot of museums and recreational activities where we pay for most of the Growers' entrance fees. We go to movies, museums, farmers markets, and even yoga and art classes. If you would like to contribute to these events a Visa Gift card would be very helpful.

COOKING: We do a lot of baking and creating recipes with the vegetables we grow here at the Farm. We also do a lot of canning of our produce for the Growers to take home and to make available to the public for donations. What would be helpful are local grocery store gift cards. **We do a lot of our shopping at Weis and Giant stores.**

CRAFTING: We have a lot of bits and pieces for the craft projects we do. We create note cards and craft items for the Growers to take home and we make some available to the public for donations. What would be helpful are local craft or department store gift cards. **We do a lot of our shopping at Lowes, Michaels, Hobby Lobby, and K-Mart stores.**

GARDENING: We have over 40 raised garden beds, dozens of blueberry and raspberry bushes, and several different types of fruit trees, as well as hundreds of varieties of flowers all around the Farm. Our Growers learn how to care for all the plant and even start most of our vegetables from seeds over the winter in the greenhouse. What would be helpful are gift cards from local home and gardening stores or nurseries. **We do a lot of shopping at Lowes, Home Depot, Stauffers of Kissell Hill, and Ashcombes.**

ANIMAL CARE AND THERAPY: We have a several different types of farm animals the Growers are responsible to care for. Every day they feed, water, groom and exercise their horses, sheep, goats, pigs, chickens, alpacas, rabbits, and a guinea pig. What would be helpful are gift cards for local farming supply stores. **We do most of our animal feed and supply shopping at Agway and Tractor Supply.**
